#### 2. DETAILED CHANGE INFORMATION

The design of the labels used on Hexagon Agriculture's Division has been changed. The new labels will have white edges, as shown in the below image.

### **3. IDENTIFICATION OF AFFECTED PRODUCT**

Products with white edges on the labels are visually identified.

### **4. REASON FOR CHANGE**

The printing process of the label production has been changed and, to keep the quality during the cut process, the white edge was needed.

### **5. IMPACTS OF THE CHANGE**

This process is more environmentally friendly. The ink is cured by ultra-violet light, without the use of solvents.

### **6. PROPOSED FIRST SHIP DATE: Q4/2022**

The Proposed First Ship Date is the forecasted date that a customer may expect to receive the changed products. Both versions can be mixed until the old stock ends.

### **7. MORE INFORMATION**
