2. DETAILED CHANGE INFORMATION

Ti7 Displays will start to be manufactured without the “Hexagon Agriculture” logo in the touch panel. The modification relates to esthetical purposes only, no operational modifications will be made.

3. IDENTIFICATION OF AFFECTED PRODUCT

4. REASON FOR CHANGE

The modification was necessary due to the growing demand for branding from our OEM customers, which facilitates the implementation of our equipment in production lines.

5. IMPACTS OF THE CHANGE

The impact that will occur is aesthetic since it will no longer be possible to see the logo at the top of the product screen.

6. PROPOSED FIRST SHIP DATE: Q2/2024

The first shipment of the modified equipment will be made when the current stock is exhausted, which is expected to occur in Q2/2024.

7. MORE INFORMATION
