2. DETAILED CHANGE INFORMATION

The design of the labels used on Hexagon Agriculture's Division has been changed. The new labels will have white edges, as shown in the below image.

3. IDENTIFICATION OF AFFECTED PRODUCT

Products with white edges on the labels are visually identified.

4. REASON FOR CHANGE

The printing process of the label production has been changed and, to keep the quality during the cut process, the white edge was needed.

5. IMPACTS OF THE CHANGE

This process is more environmentally friendly. The ink is cured by ultra-violet light, without the use of solvents.

6. PROPOSED FIRST SHIP DATE: Q4/2022

The Proposed First Ship Date is the forecasted date that a customer may expect to receive the changed products. Both versions can be mixed until the old stock ends.
